EXPERIENCE

SOCIAL MEDIA MANAGER

GELSTRIKE - LAGUNA, CA - JANUARY 2022 - PRESENT

- Manage all social media; Instagram, TikTok & other platform's posting schedules, copy & post optimization.
- Cultivate an atmosphere online & in-office of creativity, collaboration & kindness.
- Create fun & exciting instructional videos, giveaways, updates & the launching of new products.
- Engage daily with customer base to better understand their needs while creating community to grow with product.
- Create & approve brand copy for marketing, in-store retail, online, product packaging & instructions.
- Competitive analysis of other brands & social media campaigns to ensure product superiority.
- Cultivate brand voice & public persona as fun, fresh, authentic & positive.

PRODUCT DEVELOPMENT & BRANDING

GEL BLASTER LLC - AUSTIN, TEXAS - DECEMBER 2019 - JANUARY 2022

- Assisted companies growth in valuation from \$500 thousand to \$100 million.
- Responsible for all aspects of product creation, sustainability, manufacturing & brand integrity.
- Instrumental in securing retailers including Walmart, Target, BestBuy, Scheels & toy stores across the United States.
- Co-creator of Gel Blaster; instrumental in creating demand for gel gun market in the United States.
- Filmed instructional videos for products & brand recognition campaigns.
- Cultivated the brand voice & public persona as "James the Gel Blaster Guy".
- Managed all social media; Instagram, Facebook, TikTok & YouTube posting schedules, copy, & post optimization.
- Established sponsorship with companies such as Exile Skimboard, Blenders Eyewear, Sweet Kendamas & more.
- Cultivated relationships with influencers, non-profits, professional paintball, skimboard, skateboard & surf leagues.
- Toured U.S. creating brand awareness & interacting with the community building trust with customer base.

PROJECT DEVELOPMENT & ENGINEERING

GUINN PARTNERS - AUSTIN, TX DECEMBER 2018 - DECEMBER 2019

- Worked with multiple high tech start-ups to accelerate product development from the ground up.
- R&D for conceptual engineering, testing, piloted & refined projects & designs for clients.
- Clients included Gel Blaster, Boy Scouts of America, Doosan Corporation, Lift Aircraft, Ocean Alpha & TiaSync.
- Carbon fiber composite & lamination, prototyping with 3D printers, laser jet cutters & CNC machines.
- Custom refinement, workflow implementation, test matrix architecture & product development.
- Worked with team of engineers to ideate, design & test, materials & components on drones/experimental aircraft.
- Attended the private M.A.R.S conference to debut Lift Aircraft to Jeff Bezos in Palm Springs.
- Initial prototyping began on first Gel Blasters & transitioned to full time to gel gun product development.

UAV SYSTEM OPERATOR & SOFTWARE DEVELOPER

DRONEUP - SAN DIEGO, CA FEBRUARY 2018 - NOVEMBER 2018

- Plan & execute flight test schematics for new software features, electronics, sensors & payloads.
- Perform hands-on mechanical & electrical integration of new hardware components on the internal test drones for R&D.
- Work directly with app development team as internal beta tester to refine UI & UX.
- Define & validate customer work flows to enhance user experience.
- Drive collaboration with business development & customer teams to incorporate feedback & feature requests.
- Research domains & competitors to propose new drone applications as well as improvements in existing applications.
- Assisted in drone focused training missions for Search & Rescue teams throughout the United States following FAA regulations.
